DETAILED ACTION

Status of Claims

1. This communication is responsive to amendment filed on February 27, 2006, where applicant amended claims 9,15, and cancelled claim 8. Claims 1-7,9-21 are pending.

Allowable Subject Matter

2. Claims 1-7 and 9-21 are allowed.
3. The following is a statement of reasons for allowance: The prior art of record does not teach a method of enabling multiple entities to send and receive messages of a designated class of management services on a particular host by: designating an incoming message as part of a class of management services, delivering the message to entities registered as "promiscuous" clients, and if all "promiscuous" client entities on the host indicate that the message is unprocessed, then delivering the message to an entity that is registered as "non-promiscuous" for that particular class of management services until the "non-promiscuous" client indicates that the message has been processed.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:

Patent No US007010633B2, Arndt et al teaches controlling access based on usage class.

Art Unit: 2157

Patent No US006988161B2, McConnell et al teaches port allocation and configuration for different port operation modes on a host.
